

Health Impact Assessment / Socio-Economic Assessment in EIA

Consultant/Senior Consultant

Logika Group

Location: London

Role Location

The role would be based in London, but we also encourage a balance of working from our offices and working from home. Occasional travel may be required for specific project needs such as meetings, consultations or site visits.

The Company

Logika Group is a leading UK-based independent environmental consultancy, underpinned by a growing team of experts in environmental policy, strategy, design, and assessment. Logika's Health & Social Impact team have interfaces across all these areas, with a focus on EIA Population and Human Health assessments.

With offices in London, Bristol, Warrington, Brighton and Belgium, Logika Group comprises of four specialist sister companies: Logika Consultants, Air Quality Consultants, Noise Consultants and Logika Europe with the Environmental Policy and Economics team working horizontally across the Group.

Over the last 30+ years, we have achieved sustained growth and honed our provision of high-quality services, while securing a large volume of repeat business from satisfied clients.

As such, we pride ourselves on being able to:

- Service a wide range of our clients' needs
- Employ the best people to provide the highest quality advice
- Provide a personal service
- Deliver innovative cross-disciplinary solutions
- Respond quickly and efficiently
- Offer value for money

With a proven track record of success, Logika Group has been involved with UK Government expert groups and European Commission working groups, provided expert evidence at Public Inquiries, and helped clients gain planning consent for thousands of projects.

Logika Group is underpinned by our values of **Community, Collaboration and Integrity** – developed by our staff members to reflect our shared principles, approach to our work, and positive company culture.

The Role

We are looking for a dedicated and focused individual to further develop our 'centre of excellence'. Our Health and Social Impact team is at the forefront of technical delivery, working predominantly on nationally significant infrastructure projects and playing a leading role in industry guidance and best practice. The team is led by [Ryngan Pyper](#), who will provide in-house training and mentoring. We work on diverse and interesting projects across Social Impact Assessment, Health Impact Assessment and Equality Impact Assessment.

We are seeking a Consultant/Senior Consultant with appropriate qualifications to join our team, with at least 2+ years' experience preparing impact assessment reports.

You will have a relevant degree, (e.g., public health, biomedical, biological and environmental sciences, town and country planning, environmental assessment, human geography, sociology, anthropology, economics, or development studies).

You will already know your way around impact assessment technical writing and will be familiar with national practitioner guidance from the Institute of Sustainability and Environmental Professionals (ISEP, formally IEMA).

Our new team member will assist in preparing Health Impact Assessments, EIA Human Health Chapters and EIA Socio-economic chapters. This is an opportunity to develop and hone skills with our nationally and internationally recognised experts, building your reputation in the field. Projects include a focus on the renewables sector, though also a diversity of other sectors where we support sustainable development.

The successful candidate will join our mission to deliver public good, including promoting positive social outcomes and helping to address inequalities for vulnerable groups.

Key Skills

- Awareness of ISEP Health in EIA (2022) and Social Impact Assessment in EIA (2025) guidance.
- Experience and attention to detail with literature searches, evidence reviews and baseline data gathering and analysis.
- Ability to write clear and concise impact assessment reports / report sections.
- A passion for improving public health and community social outcomes.
- An acceptance that the role must engage with some difficult and controversial issues at times and we will not be able to secure ideal outcomes in every case.
- Self-discipline when working from home and ethos of being an active positive team player.
- Awareness of project management and good communication skills.

Desirable to have membership of a relevant professional institution, e.g. ISEP. The successful candidate must have the legal right to work in the UK.

What we offer

We are a growing Group of companies that wants to do things differently, with an exciting future that will help you shape and realise your ambitions. You will have a great opportunity to work with a talented and dedicated team and be able to develop your career as the company grows.

Alongside a competitive salary, we offer a range of formal benefits and training, and development programmes to enhance employee satisfaction and professional development. These include, an enhanced pension scheme, private medical insurance, competitive annual leave entitlement which grows with length of service, additional annual leave purchase scheme, rail and bus season ticket loans, cycle scheme, group life assurance, staff training and CPD programme, employee recognition awards, social value programme and more.

Furthermore, we ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders, and readily available support through our Employee Assistance programme.

Logika Group's Equal Opportunities Policy is to ensure that no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

How to apply
