

Ecological Consultant (Graduate/Assistant Level)

Logika Consultants Limited

Location: Leeds or Warrington

The Role Location

The role is a full-time position based in our Leeds or Warrington office.

The Company

Logika Group is a leading independent environmental consultancy, underpinned by a growing team of experts in environmental policy, strategy, design, and assessment.

With offices in London, Bristol, Warrington, Brighton, Leeds and Belgium, Logika Group comprises four specialist sister companies: Logika Consultants, Air Quality Consultants, Noise Consultants, and Logika Europe.

Over the last 30+ years, we have achieved sustained growth and honed our provision of high-quality services, while securing a large volume of repeat business from satisfied clients. We were recognised as a 'top 25 leading player' in UK Environmental and Sustainability Consulting by Environmental Analyst.

We pride ourselves on being able to:

- Employ the best people to provide the highest quality advice
- Provide a personal service
- Deliver meaningful work to a high technical standard, which protects and improves the environment
- Design innovative cross-disciplinary solutions

With a proven track record of success, Logika Group has been involved with UK Government expert groups and European Commission working groups, provided expert evidence at Public Inquiries, and helped clients gain planning consent for thousands of projects.

Logika Group is underpinned by three clear values – **Community, Collaboration and Integrity** - developed by our staff members to reflect our shared principles, approach to our work and positive company culture.

The Role

You will have the opportunity to work on a variety of environmental projects. Your focus will be on supporting our ecology, natural capital and environmental consenting teams, but you may also, if workload requires, provide support to the work we undertake on water management, air quality, carbon and noise.

Your work is likely to comprise site survey work, report and other document drafting, data modelling and desk study research.

As a result, you will gain exposure to a wide range of the services that are offered by Logika giving you a fantastic opportunity to experience a diverse range of environmental consultancy.

It is the philosophy of Logika that the role of an environmental consultant should be to ensure that environmental issues are at the heart of development design. Therefore, it is of importance that you should have a creative streak, being able to work with our landscape designers to embed ecological design solutions into development proposals to ensure the meeting of Biodiversity Net Gain requirements whilst also helping to achieve other green infrastructure ambitions such as reducing flood risk and improving air quality.

Skills and experience we are looking for

- Strong written and verbal communication skills including excellent report writing skills are an absolute must.
- A degree, and preferably a post graduate degree, in a relevant environmental subject.
- A good understanding of environmental and ecological legislation, the development planning process and Environmental Impact Assessment.
- A strong understanding of the role of an ecological consultant and a desire to forge a career in the sector.
- A full clean UK driving licence, as travel will be required.

What we offer

We are a growing Group of companies that wants to do things differently, with an exciting future that will help you shape and realise your ambitions. You will have a great opportunity to work with a talented and dedicated team and be able to develop your career as the company grows.

Alongside a competitive salary, we offer a range of formal benefits and training, and development programmes to enhance employee satisfaction and professional development. These include, an enhanced pension scheme, private medical insurance, competitive annual leave entitlement which grows with length of service, additional annual leave purchase scheme, rail and bus season ticket loans, cycle scheme, group life assurance, staff training and CPD programme, employee recognition awards, social value programme and more.

Furthermore, we ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders, and readily available support through our Employee Assistance programme.

Logika Consultants Equal Opportunities Policy is to ensure that no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
