

Environmental Impact Assessment (EIA) Consultant

Principal Consultant

Logika Consultants Limited

Bristol, London, Warrington or Brighton

Role Location

Due to exciting project wins, we are seeking enthusiastic and qualified applicants for Principal Consultant role within our EIA Team at our Bristol, London, Warrington or Brighton offices, with the flexibility of hybrid working arrangements. While our preference is for full-time candidates, we are open to discussing part-time working options for the right applicant.

We are looking for passionate individuals who are excited to contribute their expertise to EIA projects. If you're excited about the opportunity to work with a forward-thinking company that values creativity, innovation, and collaboration, we would love to hear from you.

The Company

Logika Group is a leading UK-based independent environmental consultancy, underpinned by a growing team of experts in environmental policy, strategy, design, and assessment.

With offices in London, Bristol, Warrington, Brighton and Belgium, Logika Group comprises of four specialist sister companies: Logika Consultants, Air Quality Consultants, Noise Consultants and Logika Europe with the Environmental Policy and Economics team working horizontally across the Group.

Over the last 30+ years, we have achieved sustained growth and honed our provision of high-quality services, while securing a large volume of repeat business from satisfied clients.

As such, we pride ourselves on being able to:

- Service a wide range of our clients' needs
- Employ the best people to provide the highest quality advice
- Provide a personal service
- Deliver innovative cross-disciplinary solutions
- Respond quickly and efficiently
- Offer value for money

With a proven track record of success, Logika Group has been involved with UK Government expert groups and European Commission working groups, provided expert evidence at Public Inquiries, and helped clients gain planning consent for thousands of projects.

Logika Group is underpinned by our values of **Community, Collaboration, Professionalism & Integrity** – developed by our staff members to reflect our shared principles, approach to our work, and positive company culture.

The Role

We currently require an experienced Principal EIA Consultant.

Our new team member will assist in coordinating environmental inputs for major EIA projects that will support proposals for large-scale infrastructure and major development projects including within the transport, renewable energy and property sectors.

There will also be the opportunity to work on projects requiring Strategic Environmental Assessment.

You will work with a range of internal technical environmental specialists and designers to manage environmental inputs to project designs and assessments. This will include early strategy development, through to feasibility, outline design, detailed design and discharging of conditions. You will have the opportunity to work within various consenting regimes, including Development Consent Orders and Town and Country Planning. You will also be expected to liaise with clients and sub-consultants, help to prepare fee proposals, and author environmental reports and EIA documentation.

It is the philosophy of Logika that the role of an environmental consultant should be to ensure that environmental issues are at the heart of development design. Therefore, it is of importance that you are confident when engaging with a wide variety of stakeholder groups and should be able to work effectively with technical environmental specialists and design teams to embed environmental design solutions into development proposals.

Core Skills and Experience

Whilst we are seeking the following core skills and experience, we still encourage applications where they may have comparable experience within environmental management and assessment, planning or permitting to apply:

- A relevant environmental degree level qualification in EIA, or similar
- An excellent knowledge and understanding of EIA processes and relevant UK legislation
- A good understanding of a range of technical environmental disciplines and development projects
- Experience of leading the production of environmental reports and EIA documentation (including screening and scoping reports, preliminary environmental information reports and Environmental Statements)
- Excellent verbal and report writing skills, including EIA review of technical reporting
- The ability to work collaboratively as part of an established team, coordinating inputs from specialist technical teams whilst working to a deadline
- An organised, methodical approach with competency in using project management tools and methods to coordinate project deliverables
- Experience of engaging with a wide variety of stakeholder groups
- Experience of financial control and project management
- Line management or close oversight of junior members of a team
- Experience of bid preparation and business development activities

What we offer

Along with a competitive salary, we offer a benefits package which includes an enhanced pension scheme, death in service life cover, bonus scheme, medical cover and much more.

We ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders and readily available support through our Employee Assistance programme.

Logika Consultants are an equal opportunities employer with a strong policy that ensures no applicant

receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

How to apply
