

Environmental Impact Assessment (EIA) Consultant

Principal Grade

Logika Consultants Limited

Location: Leeds

Role Location

Due to exciting project wins, we are seeking a motivated and experienced Principal EIA Consultant to join our growing EIA team in Leeds. This role offers the flexibility of hybrid working and the opportunity to contribute to a diverse portfolio of high-profile projects.

We are looking for passionate individuals who are excited to contribute their expertise to EIA projects. If you're excited about the opportunity to work with a forward-thinking company that values creativity, innovation, and collaboration, we would love to hear from you.

The Company

Logika Group is a leading independent environmental consultancy, underpinned by a growing team of experts in environmental policy, strategy, design, and assessment.

With offices in London, Bristol, Warrington, Brighton, Leeds and Belgium, Logika Group comprises four specialist sister companies: Logika Consultants, Air Quality Consultants, Noise Consultants, and Logika Europe.

Over the last 30+ years, we have achieved sustained growth and honed our provision of high-quality services, while securing a large volume of repeat business from satisfied clients. We were recognised as a 'top 25 leading player' in UK Environmental and Sustainability Consulting by Environmental Analyst.

We pride ourselves on being able to:

- Employ the best people to provide the highest quality advice
- Provide a personal service
- Deliver meaningful work to a high technical standard, which protects and improves the environment
- Design innovative cross-disciplinary solutions

With a proven track record of success, Logika Group has been involved with UK Government expert groups and European Commission working groups, provided expert evidence at Public Inquiries, and helped clients gain planning consent for thousands of projects.

Logika Group is underpinned by our values of **Community, Collaboration and Integrity** – developed by our

staff members to reflect our shared principles, approach to our work, and positive company culture.

The Role

We currently require an experienced Principal EIA Consultant. Our new team member will assist in coordinating environmental inputs for major EIA projects that will support proposals for large-scale infrastructure and major development projects including within the transport, renewable energy and property sectors.

You will work with a range of internal technical environmental specialists and designers to manage environmental inputs to project designs and assessments. This will include early strategy development, through to feasibility, outline design, detailed design and discharging of conditions. You will have the opportunity to work within various consenting regimes, including Development Consent Orders and Town and Country Planning. You will also be expected to liaise with clients and sub-consultants, help to prepare fee proposals, and author environmental reports and EIA documentation.

It is the philosophy of Logika that the role of an environmental consultant should be to ensure that environmental issues are at the heart of development design. Therefore, it is of importance that you are confident when engaging with a wide variety of stakeholder groups and should be able to work effectively with technical environmental specialists and design teams to embed environmental design solutions into development proposals.

Core Skills and Experience

Whilst we are seeking the following core skills and experience, we still encourage applications where they may have comparable experience within environmental management and assessment, planning or permitting to apply:

- A relevant environmental degree level qualification in EIA, or similar
- An excellent knowledge and understanding of EIA processes and relevant UK legislation
- A broad technical understanding of key environmental disciplines and development projects
- Significant experience of leading complex, multi-disciplinary EIAs, including responsibility for producing and managing screening and scoping documentation, consultation documentation, and Environmental Statements (ES) to a high standard
- Excellent verbal and report writing skills, including EIA review of technical reporting
- The ability to work collaboratively as part of an established team, coordinating inputs from specialist technical teams whilst working to a deadline
- Highly organised and methodical approach with strong competency in using project management tools, budget tracking and methods to coordinate project deliverables
- Extensive experience engaging with a wide variety of stakeholder groups
- Proven experience of financial control and project management
- Experience in line management or close oversight of junior members of a team
- Experience of bid preparation and business development activities

What we offer

Along with a competitive salary, we offer a benefits package which includes an enhanced pension scheme, death in service life cover, bonus scheme, medical cover and much more.

We ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders and readily available support through our Employee Assistance programme.

Logika Consultants are an equal opportunities employer with a strong policy that ensures no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

How to apply

Please apply using the application form on our website – www.logikagroup.com/careers

If you have any questions on the role and/or group, then send them through to careers@logikagroup.com.
