

# EIA Consultant

## Environmental Impact Assessment (EIA)

### Consultant

Location: Bristol

Full-Time Hours

#### The Location

Due to continued growth and new project wins, we are seeking a detail-focused and driven EIA Consultant to join our expanding EIA team in Bristol. If you're excited by the prospect of joining a forward-thinking company that values creativity, high-quality work and collaborative problem-solving, we would love to hear from you.

#### The Company

Logika Group is a leading independent environmental consultancy, underpinned by a growing team of experts in environmental policy, strategy, design, and assessment.

With offices in London, Bristol, Warrington, Brighton, Leeds and Belgium, Logika Group comprises four specialist sister companies: Logika Consultants, Air Quality Consultants, Noise Consultants, and Logika Europe.

Over the last 30+ years, we have achieved sustained growth and honed our provision of high-quality services, while securing a large volume of repeat business from satisfied clients. We were recognised as a 'top 25 leading player' in UK Environmental and Sustainability Consulting by Environmental Analyst.

We pride ourselves on being able to:

- Employ the best people to provide the highest quality advice
- Provide a personal service
- Deliver meaningful work to a high technical standard, which protects and improves the environment
- Design innovative cross-disciplinary solutions

With a proven track record of success, Logika Group has been involved with UK Government expert groups and European Commission working groups, provided expert evidence at Public Inquiries, and helped clients gain planning consent for thousands of projects.

Logika Group is underpinned by our values of [Community](#), [Collaboration and Integrity](#) – developed by our staff members to reflect our shared principles, approach to our work, and positive company culture.

## The Role

This role offers the opportunity to contribute to a diverse portfolio of high-profile projects across the UK, working within a supportive and collaborative team that values innovation, quality and professional development.

We are seeking an EIA Consultant with approximately 1–2 years of early-career experience with emerging EIA experience, strong analytical skills and a proactive, solution-focused mindset.

In this role, you will support the coordination of environmental inputs on large-scale infrastructure and major development projects, including:

- Renewable power generation schemes — such as solar, hydrogen, BESS and wind
- Large-scale masterplan developments
- Property development — including commercial, residential, industrial and healthcare projects
- Projects requiring Strategic Environmental Assessment

You will work with a range of internal technical environmental specialists and designers to manage environmental inputs to project designs and assessments. This will include early strategy development, through to feasibility, outline design, detailed design and discharging of conditions. You will have the opportunity to work within various consenting regimes, including Development Consent Orders and Town and Country Planning.

You will liaise confidently with clients and sub-consultants, support fee proposals and contribute to high-quality environmental reporting and EIA deliverables, ensuring accuracy, clarity and strong technical reasoning throughout.

It is the philosophy of Logika that environmental consultants ensure environmental considerations are embedded at the heart of development design. Therefore, it is important that you are confident engaging with a wide variety of stakeholder groups and can work effectively with technical specialists and design teams to develop robust, defensible and well-integrated environmental solutions.

## Skills and experience we are looking for:

- A relevant degree in Environmental Science, Geography, Planning or similar
- Excellent knowledge and understanding of EIA processes and relevant UK legislation
- Good basic understanding of a range of technical environmental disciplines
- Approximately 1–2 years' experience assisting on EIA or environmental management
- Experience of assisting in the production of environmental reports and EIA documentation (screening, scoping, PEIR, ES)
- Excellent verbal and report-writing skills
- Exceptional attention to detail, with an organised and methodical approach to task management
- The ability to work collaboratively as part of an established team, coordinating specialist inputs to deadlines
- Confidence engaging with a wide variety of stakeholder groups
- A strategic mindset with the ability to anticipate issues, think ahead and support problem-solving
- A strong personal drive to deliver high-quality, accurate and well-reasoned outputs

## What we offer

We are a growing Group of companies that wants to do things differently, with an exciting future that will help you shape and realise your ambitions. You will have a great opportunity to work with a talented and dedicated team and be able to develop your career as the company grows.

Alongside a competitive salary, we offer a range of formal benefits and training, and development programmes to enhance employee satisfaction and professional development. These include, an enhanced pension scheme, private medical insurance, competitive annual leave entitlement which grows with length of service, additional annual leave purchase scheme, rail and bus season ticket loans, cycle scheme, group life assurance, staff training and CPD programme, employee recognition awards, social value programme and more.

Furthermore, we ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders, and readily available support through our Employee Assistance programme.

Logika Group's Equal Opportunities Policy is to ensure that no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
