

# Senior Acoustic Consultant

## Logika Group

## Location: London

### Role Location

The role would be primarily office based. Occasional travel may be required for specific project needs.

### The Company

Logika Group is a leading independent environmental consultancy, underpinned by a growing team of experts in environmental policy, strategy, design, and assessment.

With offices in London, Bristol, Warrington, Brighton, Leeds and Belgium, Logika Group comprises four specialist sister companies: Logika Consultants, Air Quality Consultants, Noise Consultants, and Logika Europe.

Over the last 30+ years, we have achieved sustained growth and honed our provision of high-quality services, while securing a large volume of repeat business from satisfied clients. We were recognised as a 'top 25 leading player' in UK Environmental and Sustainability Consulting by Environmental Analyst.

We pride ourselves on being able to:

- Employ the best people to provide the highest quality advice
- Provide a personal service
- Deliver meaningful work to a high technical standard, which protects and improves the environment
- Design innovative cross-disciplinary solutions

With a proven track record of success, Logika Group has been involved with UK Government expert groups and European Commission working groups, provided expert evidence at Public Inquiries, and helped clients gain planning consent for thousands of projects.

Logika Group is underpinned by our values of **Community, Collaboration and Integrity** – developed by our staff members to reflect our shared principles, approach to our work, and positive company culture.

### The Role

Due to our continued growth, we are currently seeking an enthusiastic person to join our team in our London office at Senior Consultant grade.

The successful candidate will be involved in exciting noise and vibration projects across a range of sectors including planning and development, aviation, policy and the built environment. They will get the opportunity to manage projects and coordinate our pool of consultants and technical resources to support delivery. They will also contribute towards business development by preparing proposals and working closely with our client base.

This is an exceptional opportunity at an exciting time both for our business and for environmental consultancy. With us, you will be involved at the heart of the team and will play a key role in the delivery of our work. You will work in a friendly, supportive environment and will be given one to one support, mentoring, learning and development from experienced colleagues.

Your day-to-day duties will include:

- Prepare fee proposals
- Oversee noise and vibration surveys for planning applications and building acoustic design
- Conduct environmental noise modelling work
- Undertake data analysis, calculations, predictions, assessment and reporting
- Liaise with the client, project team and stakeholders
- Operate independently and contribute to the development of the team
- Undertake project management and administration

### **Skills and experience we are looking for**

#### Essential

- Minimum 4 years relevant experience
- Dynamic self-starter and attention to detail
- Good communication skills, both orally and in writing
- Strong technical capability and ability to review and interpret data
- Strong mathematical / quantitative analysis skills
- Strong organisational skills with the ability to prioritise and deliver work to tight deadlines
- High level of proficiency in using Microsoft Excel and Word
- Ability and willingness to undertake site-based and field work
- A full clean UK driving license, as travel will be necessary

#### Desirable:

- Programming experience (any languages or tools)
- Building acoustics experience
- Staff management experience
- Corporate member of the Institute of Acoustics, or other relevant professional body or organisation

#### Qualifications:

- Relevant A-Levels or equivalent
- BSc or MSc in acoustics, physics or numerate subject

### **What we offer**

We are a growing Group of companies that wants to do things differently, with an exciting future that will help shape your and the Group's ambitions. You will have a great opportunity to work with a talented and dedicated team and be able to develop your career as the company grows.

Alongside a competitive salary, we offer a range of formal benefits and training, and development programmes to enhance employee satisfaction and professional development. These include, an enhanced pension scheme, private medical insurance, competitive annual leave entitlement which grows with length

of service, additional annual leave purchase scheme, rail and bus season ticket loans, cycle scheme, group life assurance, staff training and CPD programme, employee recognition awards, social value programme and more.

Furthermore, we ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders, and readily available support through our Employee Assistance programme.

Logika Group's Equal Opportunities Policy is to ensure that no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
