

Technical Director and Senior/Principal Consultants – Air Quality & Scotland

Air Quality Consultants Ltd

Location: Scotland – Glasgow or Edinburgh

Role Location

Air Quality Consultants (AQC), part of Logika Group, is looking to establish a permanent Scottish presence and grow its air quality business through the recruitment of talented professionals with the technical expertise, local market knowledge and client relationships to help drive our next phase of growth.

AQC already delivers air quality projects in Scotland, drawing on the expertise and resources of our established UK-wide consultancy. We see a significant opportunity to build on this existing project portfolio and client base by developing a locally based team that can strengthen our relationships with Scottish clients, generate new business and support the continued expansion of our services.

The Company

Logika Group is a leading independent environmental consultancy, underpinned by a growing team of experts in environmental policy, strategy, design, and assessment.

With offices in London, Bristol, Warrington, Brighton, Leeds and Belgium, Logika Group comprises four specialist sister companies: Logika Consultants, Air Quality Consultants, Noise Consultants, and Logika Europe.

Over the last 30+ years, we have achieved sustained growth and honed our provision of high-quality services, while securing a large volume of repeat business from satisfied clients. We were recognised as a 'top 25 leading player' in UK Environmental and Sustainability Consulting by Environmental Analyst.

We pride ourselves on being able to:

- Employ the best people to provide the highest quality advice
- Provide a personal service
- Deliver meaningful work to a high technical standard, which protects and improves the environment
- Design innovative cross-disciplinary solutions

With a proven track record of success, Logika Group has been involved with UK Government expert groups and European Commission working groups, provided expert evidence at Public Inquiries, and helped clients gain planning consent for thousands of projects.

Logika Group is underpinned by our values of Community, Collaboration and Integrity – developed by our staff members to reflect our shared principles, approach to our work, and positive company culture.

The Role

We are particularly interested in candidates who understand the Scottish market, have established professional relationships with relevant clients and stakeholders, and are motivated by the opportunity to help develop a growing business.

Joining at this stage offers the opportunity to play a meaningful role in shaping our Scottish presence. You will be able to draw on AQC's established reputation, technical specialists and project delivery experience, together with the wider capabilities of Logika Group, while helping develop a local team and a sustainable pipeline of work.

We are recruiting at a range of grades, from Senior Consultant through to Technical Director. The balance between technical delivery, client development and business growth will vary by grade, but all roles will contribute to building our Scottish business. For more senior candidates, there is an opportunity to take a leading role in developing client relationships, winning new work, recruiting colleagues and shaping the future direction of our Scottish operation.

Our immediate priority is to recruit an experienced senior environmental professional to lead the development of our air quality business in Scotland. In parallel to this appointment we are seeking to establish a strong local air quality team that can build on existing project work and relationships. As the business grows, we intend to expand our locally based capability and explore opportunities to bring other Logika Group services to Scottish clients.

We are looking for people who combine technical excellence and a reputation for innovation, with initiative, strong relationship-building skills and an interest in contributing to the growth of Logika Group in the UK and international markets.

What we offer

We are a growing Group of companies that wants to do things differently, with an exciting future that will help you shape and realise your ambitions. You will have a great opportunity to work with a talented and dedicated team and be able to develop your career as the company grows.

Alongside a competitive salary, we offer a range of formal benefits and training and development programmes to enhance employee satisfaction and professional development. These include, enhanced pension scheme, private medical insurance, competitive annual leave entitlement which grows with length of service, additional annual leave purchase scheme, rail and bus season ticket loans, cycle scheme, group life assurance, staff training and CPD programme, employee recognition awards, social value programme and more.

Furthermore, we ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders and readily available support through our Employee Assistance programme.

Logika Group's Equal Opportunities Policy is to ensure that no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

How to apply

If you have any questions about these opportunities, or would like to discuss how your skills and experience might fit with our plans for Scotland, please get in touch at **careers@logikagroup.com**.
