Geographic Information Systems (GIS) (Assistant Consultant/Consultant)

Logika Consultants Limited

Location: Bristol/London/Leeds/Warrington

Full time

The Role Location

Bristol/London/Leeds/Warrington – Hybrid.

The Company

Logika Group is a leading independent environmental consultancy, underpinned by a growing team of experts in environmental policy, strategy, design, and assessment.

With offices in London, Bristol, Warrington, Brighton, Leeds and Belgium, Logika Group comprises four specialist sister companies: Logika Consultants, Air Quality Consultants, Noise Consultants, and Logika Europe.

Over the last 30+ years, we have achieved sustained growth and honed our provision of high-quality services, while securing a large volume of repeat business from satisfied clients. We were recognised as a 'top 25 leading player' in UK Environmental and Sustainability Consulting by Environmental Analyst.

We pride ourselves on being able to:

- Employ the best people to provide the highest quality advice
- Provide a personal service
- Deliver meaningful work to a high technical standard, which protects and improves the environment
- Design innovative cross-disciplinary solutions

With a proven track record of success, Logika Group has been involved with UK Government expert groups and European Commission working groups, provided expert evidence at Public Inquiries, and helped clients gain planning consent for thousands of projects.

Logika Group is underpinned by three clear values – Community, Collaboration and Integrity - developed by our staff members to reflect our shared principles, approach to our work and positive company culture.

The Role

We are looking for a Geographic Information Systems (GIS) Consultant / Assistant Consultant to support the delivery of a variety of environmental projects. The primary focus of this role will be supporting our Ecology and Environmental Impact Assessment (EIA) teams, while also providing GIS support across the wider business as required.

The role will involve producing maps, managing spatial data, undertaking spatial analysis, and assisting with technical reporting across a range of projects.

Key Role & Responsibilities

- Produce high-quality maps, figures, and other spatial outputs for reports and client deliverables.
- Collect, process, manage, and maintain spatial datasets from a variety of projects and sources.
- Undertake spatial analysis to support environmental assessments and project delivery.
- Ensure data accuracy, consistency, and quality across all GIS outputs.
- Manage multiple tasks and meet project deadlines within a fast-paced consultancy environment.

Skills and experience we are looking for

- Strong data management and organisational skills.
- Experience using QGIS or ESRI ArcGIS to produce professional mapping outputs and undertake spatial analysis.
- Ability to complete GIS tasks accurately, efficiently, and to a high standard.
- Experience working independently and collaboratively as part of a multidisciplinary team.
- Excellent attention to detail and commitment to quality assurance.
- Good written and verbal communication skills.

Desirable

- Knowledge of standard ecological survey and monitoring techniques, including UK Habitat Classification.
- Experience supporting ecological or environmental projects.

What we offer

We are a growing Group of companies that wants to do things differently, with an exciting future that will help you shape and realise your ambitions. You will have a great opportunity to work with a talented and dedicated team and be able to develop your career as the company grows.

Alongside a competitive salary, we offer a range of formal benefits and training, and development programmes to enhance employee satisfaction and professional development. These include, an enhanced pension scheme, private medical insurance, competitive annual leave entitlement which grows with length of service, additional annual leave purchase scheme, rail and bus season ticket loans, cycle scheme, group life assurance, staff training and CPD programme, employee recognition awards, social value programme and more.

Furthermore, we ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders, and readily available support through our Employee Assistance programme.

Logika Consultants Equal Opportunities Policy is to ensure that no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

How to apply
