

Senior EIA Consultant

Logika Consultants Limited

Location: London, Brighton or Warrington

Full-Time Hours

The Role Location

Due to exciting project wins, we are currently looking to hire a Senior EIA Consultant to join our fantastic team. The role is a full-time position based in our London or Warrington office, but we also encourage a balance of working from our office and working from home.

The Company

Logika Consultants Ltd is part of a growing group of companies (the Logika Group) and we work as one team alongside our sister companies Noise Consultants Ltd and Air Quality Consultants Ltd. We are very well regarded in the industry providing high quality technical work to a range of clients who operate across a number of different sectors. We provide our team with the opportunity to progress in an environment to work in that is fun, yet professional.

The Role

We currently require a Senior EIA Consultant, with appropriate qualifications and at least 3 years' experience, to join our growing and reputable team at Logika.

Our new team member will assist in coordinating environmental inputs to large-scale infrastructure and major development projects, such as:

- Aviation
- Renewable power generation projects - including solar, hydrogen, BESS and wind
- Large-scale masterplan development
- Property development - including commercial, residential, industrial and healthcare development

There will also be the opportunity to work on projects requiring Strategic Environmental Assessment.

You will work with a range of internal technical environmental specialists and designers to manage environmental inputs to project designs and assessments. This will include early strategy development, through to feasibility, outline design, detailed design and discharging of conditions. You will have the opportunity to work within various consenting regimes, including Development Consent Orders and Town and Country Planning. You will also be expected to liaise with clients and sub-consultants, help to prepare fee proposals, and author environmental reports and EIA documentation.

It is the philosophy of Logika that the role of an environmental consultant should be to ensure that environmental issues are at the heart of development design. Therefore, it is of importance that you are confident when engaging with a wide variety of stakeholder groups and should be able to work effectively with technical environmental specialists and design teams to embed environmental design solutions into development proposals.

Skills and experience we are looking for:

- A relevant environmental degree level qualification in EIA, or similar
- Excellent knowledge and understanding of EIA processes and relevant UK legislation
- Good understanding of a range of technical environmental disciplines
- Experience of producing environmental reports and EIA documentation (including screening and scoping reports, preliminary environmental information reports and Environmental Statements), ideally across different development sectors
- Ideally experience of the DCO process
- Excellent verbal and report writing skills, including EIA review of technical reporting
- An organised and methodical approach with a keen eye for detail
- The ability to work collaboratively as part of an established team, coordinating inputs from specialist technical teams whilst working to a deadline
- Confidence when engaging with a wide variety of stakeholder groups
- Awareness of financial control and project management
- Experience in bid preparation activities
- Achieved or demonstrably working towards Chartered Environmental Status and Full membership of IEMA, or similar qualification with a relevant professional body

What we offer

Along with a competitive salary, we offer a benefits package which includes an enhanced pension scheme, death in service life cover, discretionary bonus scheme, discretionary medical cover and much more.

We ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders and readily available support through our Employee Assistance programme.

Logika Consultants are an equal opportunities employer with a strong policy that ensures no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

How to apply

Please apply using the application form on our website – www.logikaconsultants.co.uk/careers

If you have any questions on the role and/or group, then send them through to careers@aqconsultants.co.uk.
